The **Rod & Wire Display** is our time honoured way of presenting your properties. Durable and changeable, this system offers a wide choice of options, and can easily upscale for temporary Feature Properties. Stainless steel vertical wires support 6mm stainless horizontal rods. Your preferred choice of cardholders; (Aluminium Picture Frames or Folded Acrylic Sleeves) simply hook over these rods.

**Framed R&W** can easily be removed from the window for cleaning or relocation. A wide choice of colours and anodised finishes are available for the 35mm sleek frame. **Floor to Ceiling R&W** are installed directly into your window for maximum open space.

Available with **Prestige** components, or for the cost conscious, also in a **Standard** version.
